Though the Organizers maintain security surveillance at all times, exhibitors are reminded that goods / exhibits will, nevertheless, be at risk, especially during the move in period and the final day of the show. Please ensure your stand, especially personal and valuable property, portable and rented items, are not left unattended at any time before, during and after the show. Exhibitors are reminded that small, portable and valuable items are more at risk after the exhibition closes each day. Therefore, exhibitors are advised to keep these safely stored each day before leaving the exhibition area.

If you wish to hire security personnel to attend to your stand exclusively after show hours, please contact the Organizers. Please be advised that exhibitors are not allowed to hire staff or personnel from other security agencies without prior approval from the Organizers.

The Organizers reserve the rights for cancellation, partial opening or postponement of the exhibition.

C 6. General Security

Organizers will provide general security round the clock. Exhibitors and their staff will not be allowed to enter the exhibition area after official hours. All personnel in the exhibition area must wear identification badges. Exhibitor badges and temporary passes are available from the organizer's office on-site.

For security and safety reasons, exhibits movement in and out of the exhibition area during show opening hours is not permitted.

If your exhibits are very valuable or sensitive and you wish to hire security personnel to attend to your stand exclusively for off show hours, please refer to **Form 19**. Please note that you are not allowed to hire staff or personnel from other security agency.

No business activity shall be conducted by the exhibitor and his co-participant outside their booth boundaries such as, distribution of promotional material, placing of banners, signages etc, outside/above their designated booth area. Please refer to Figure 1.3 for an example.

Figure 1.3

Activities which will inconvenience or disturb the conduct of the business session, will not be allowed, i.e. promotional gimmicks, raffles, picture taking, musical entertainment, and use of animation and sound equipment. Stage shows are also not permitted.

Without special permission from Organizers, delivery of exhibits cannot be taken into the booth once the show has officially opened, nor removed from the booth before closure of the event. If exhibitors wish to remove any display item from the show area, a written request must be submitted to the Organizers for approval.

Exhibitors must give proper consideration to the conditions under which their equipment will be demonstrated. Precautions must be taken for protection of the public.

Exhibitors are strongly encouraged to remove valuable and portable exhibits from the exhibition hall as soon as possible after 8pm on the final day of the show.

Fire and Safety regulations require that no goods or packing materials may be stored in access areas behind or between booths. Exhibitors should design proper storage areas with adequate access within their own booth or approach the Official Freight Forwarder for storage.

The Exhibitor and his staff shall be responsible for any damages to the structure, floor, walls, pillars and any part of the Exhibition Hall, the Property of the Organizers, and other Exhibitors due to the transport, removal of exhibits, refuse and / or decoration works.

Aisle ways indicated on the floor plan must be kept clear of all exhibition goods or decoration materials in order to facilitate flow of traffic. Any items left outside of the booth will be cleared away by the venue/Organizers. Placing of cupboards/tables onto gangway is strictly prohibited as it will obstruct fire escape routes.

Exhibitors and Contractors must clear items not for display purpose (e.g. containers, packing items) the day before the show period according to the schedule. The Exhibitors will have to pay the Organizers for the cost of removing such articles from their booth if they fail to do so.

In such case, Koelnmesse shall not be liable or responsible for such rejection, suspension or stop.

3. Cooperation of Exhibitors

a) During the Exhibition, for the purpose of investigating the Complaint, Koelnmesse and/or the Complaint Office shall have the right to take samples or photos of the Exhibition Items in question.

PACKING

Exhibitors are advised to provide strong packing cases for the transportation of the exhibits which can withstand unpacking and repackaging operations. For main exhibits, we recommend bolted returnable type of cases to be used. This is to avoid unnecessary repair and reconstruction of cases in the event of damages due to handling whilst in transit.

STORAGE OF EMPTY CASES

Empty cases will be stored within the exhibition site if space is available. Your cases will be marked and stored systematically under shelter during the exhibition period in order to facilitate quick and early retrieval for the re-packaging at the end of the exhibition.

Note for freight forwarders:
Container detention fee will be levied by shipping lines for containers kept in use for an extended period of time. Free days allowed by shipping lines are usually up to 3 days after the discharge of containers at the port. Should you require us to keep the container within the exhibition site for storage purposes and subsequent re-export, you are to inform us of the container detention fee that has been negotiated with the shipping line.

CUSTOMS REGULATIONS

The Thai Customs are strict and thorough in their examination of goods. All packages can be expected to be opened and contents checked against the Combined Commercial Invoice & Packing List.

CONTROLLED ITEMS

Exhibitors are requested to note that all Foodstuff, Beverage, Communication equipment (such as radio, radar, etc), Cosmetics, Medicines & Medical equipment, Glass, Light & sound equipment, toy, are subject to Import License prior to their importation into Thailand for exhibition purpose.

For a list of controlled items, please visit the Thai Industrial Standards Institute at:
http://www.tisi.go.th/standard/cat_eng.html

For Food & Drinks items, we do not recommend that you ship foodstuff or beverages to the exhibition if you are not exhibiting the food products. We would suggest you buy them in Thailand. If it is essential that you bring your own, please ensure they are packed, documented and shipped on a separate HBL or HAWB from the main exhibits to avoid delays in the customs clearance. All foodstuff and beverages are subject to an Import License by Food & Drug Administration of Thailand. Shipment must not be effected until such license is obtained / approved, otherwise, high customs penalty will be incurred by the exhibitor's account.

All controlled items shall be packed and shipped separately from non-controlled items, to avoid delay on customs clearance. Exhibitors are required to furnish us the full specification/details of such controlled items that you intend to import into Thailand, at least **30 days** prior to the arrival of shipment in Thailand.

*****Duty & tax calculation for printed matter*****

Customs duty & tax will be calculated, based on the weight of the exhibits and mode of transport. The different ways to calculate duty & tax are as follows;-

- **Airfreight :** Thai Customs will assess the FOB value of printed matter at Bht 100/kg **(C)**, plus all cost of airfreight charges which are declared in AWB (IATA rate) as the cost of freight charge **(F)**, plus insurance premium **(I)**, then the duty rate of printed matter is 10% of CIF Value plus Value Added Tax (VAT) 7% of CIF Value plus Duty.

- **Seafreight :** Thai Customs will assess CIF value of printed matter at US$ 4.252/kg and Customs duty & tax will be applied in the same rate as above at 10% and 7% respectively.

Note : Customs will use your declared value in your invoice & packing list or their assess value, whichever is greater
